NOW AND ALWAYS CONSTRUCTION

It is my pleasure to provide a positive reference for Now and Always Construction, a building contracting company that has undertaken work at Mediclinic Newcastle.

During his engagement with our hospital, Now and Always Construction demonstrated a professional, reliable and solution-focused approach. The work was carried out with due regard for the standards expected within a healthcare environment, where safety, quality, neatness, communication and minimal disruption to hospital operations are essential.

Now and Always Construction employees were approachable, responsive and willing to engage constructively throughout the project. They showed a clear understanding of the importance of working within an operational hospital setting and displayed commitment to completing the required work in a responsible and professional manner.

We found Now and Always Construction to be dependable and committed to delivering a good standard of workmanship. Their conduct reflected integrity, accountability and pride in their work, and we appreciate the contribution made by Now and Always Construction at Mediclinic Newcastle.

Based on our experience, I am pleased to recommend Now and Always Construction for building and contracting work.

Kind regards,

Japie Greyling
Hospital General Manager
Mediclinic Newcastle
